

MILWAUKEE COUNTY REPEATER SOCIETY INC.
(MICORS)

Hi There!

My name is WR9ABS.

I reside at 4828 W. Fond du Lac Ave., Milwaukee, Wisc. 53216.

I'm 6 feet tall and all solid (state). I'm 100 Watts strong.....most of the time. I can reach up to 200 feet and out for a minimum of 30 miles. My voice and ears are superb.

Now that you know me, how about letting me get to know you. I'll go any place with you, day or night; so if you would like to go steady with me, that would be just great! If that isn't enough to excite you, you can call somebody else through my autopatch.

My fees are \$12.00 per year. (Prorated bimonthly)

Give me a chance and fill out the attached application for membership. I might be the best friend you've ever had.

1 Attch: Appl for
Membership

Sincerely,

WR9ABS

P.S. It certainly has been a pleasure to have you meet me. Hi!

Officers:

President: Paul, WB9KYR

Vice President: Bob, WB9TFE

Secretary: Tamar, WB9LAA

Treasurer: Paul, W9KH0

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

Welcome to the Milwaukee County Repeater Society, Inc., (MICORS), WR9ABS repeater. Operating with an input frequency of 146.250 MHz and an output frequency of 146.850 MHz. The repeater site is located at Amateur Electronic Supply; 4828 West Fond du Lac Avenue; Milwaukee, Wisconsin. The organization was formed in February of 1973 and became incorporated in May of 1973.

The repeater is completely owned by the Society. David Gittins, W9CGU, is the trustee. He also maintains the equipment along with Brian Kuntz, K9AQF and Paul D. Szczerbinski, W9KHO.

The present equipment consists of a tube type Motorola "K" transmitter with a output of 45 watts. The receiver is a Motorola Motran, "M" type. Other equipment includes the telephone control and phone patch built by David Gittins W9CGU, and a auto-patch IDer and control logic designed and built by Brian Kuntz, K9AQF, and a Sinclair duplexer.

Future plans are to install a Motorola Motrac "H" transmitter with a output of 100 watts.

The antenna is a Sinclair model 229B fiberglass collinear with a reflector giving a total gain of 9DB to the south, 6DB to the east and west and 3DB to the north. It is mounted on top of the 200 foot tower located at AES. Our thanks to Tom Seizer, K9SQU who climbed the tower and installed the antenna for us.

The repeater is carrier access and is available for all to use. For those who have "PL" receivers (PL - private line - is a registered trademark of Motorola) the transmitter generates a PL frequency of 127.3 Hertz.

The auto-patch and control logic has been changed from a electro-mechanical to TTL logic on plug in PC boards. All items are connectorized.

The control logic installed insures practically instant recognition of any breaking station.

Our Society boasts of over one hundred (100) members strong who meet the third tuesday of each month excluding the months of July and August. The society has been meeting at Nino's Steak Round-Up located at 3400 South 108th Street in Greenfield, Wisconsin.

Our aim is to provide good quality communications throughout the Milwaukee County area. The repeater is equipped with auto-patch facilities for those members who wish to use it. Constant monitoring of this system guarantees good operating habits and practices by all.

Our sincere thanks and appreciation goes to Terry Sterman, W9DIA and Amateur Electronic Supply for the use of the building, tower, electricity, control phone line and for purchasing the Sinclair duplexer for our use.

Again, welcome and thank you for supporting our fine organization.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

BY-LAWS

Pursuant to the action taken upon due notice and upon resolution duly made, seconded and unanimously carried at the meeting of June 18, 1974, the by-laws of the organization shall be amended to read as follows:

BY-LAWS

PREAMBLE

We, the members of the Milwaukee County Repeater Society, Inc., wishing to secure for ourselves the benefits of an association of persons commonly interested in emergency communications through the medium of amateur radio service and by virtue of the powers granted to us by the State of Wisconsin, do enact these by-laws as our governing law.

ARTICLE I

The purposes of the society shall be those contained in the Restated Articles of Incorporation of the organization.

ARTICLE II

MEMBERSHIP

There shall be two classes of membership, regular and honorary. A person may be both an honorary member and a regular member simultaneously.

Section 1. All licensed radio amateurs, Technician class and above, shall be eligible for regular membership. Applications for regular membership shall be in writing and submitted to the Board of Directors. The application shall state and by submitting such application the proposed member agrees that as a regular member he consents to be bound by these by-laws as well as such operating practices as may be adopted from time to time by

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

the society. Upon approval of the application by the Board of Directors and upon payment of dues, the applicant shall become a regular member.

Section 2. An honorary member may be appointed by the Board of Directors in recognition of an extraordinary service performed for the society without thought of compensation, or to any person who, in the opinion of the Board of Directors, has assisted the society in achieving its purposes in an extraordinary manner.

ARTICLE III

VOTING

Only the members of the Board of Directors and regular members whose dues are not in arrears shall be entitled to vote.

ARTICLE IV

BOARD OF DIRECTORS

Section 1. The business and affairs of the society shall be managed by its Board of Directors. The number of directors of the society shall be seven (7).

Section 2. Each director shall hold office until the next annual meeting of the society and until his successor shall have been elected, or until his prior death, resignation or removal. The director may be removed from office by affirmative vote of a majority of members entitled to vote. A director may resign at any time by filing his written resignation with the secretary of the society.

Section 3. The Board of Directors may provide, by resolution, the time and place of the holding of its regular meetings without further notice other than of such resolution.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

Section 4. A majority of directors shall constitute a quorum.

Section 5. Any vacancy occurring in the Board of Directors may be filled until the next succeeding annual election by the affirmative vote of a majority of directors then in office, though less than a quorum of the Board of Directors.

ARTICLE V

OFFICERS

Section 1. The officers of this corporation shall be a president, vice presidents, secretary, treasurer and an activities manager. Directors may be officers.

Section 2. The officers shall be elected for a term of one (1) year by majority vote of the Board of Directors. This election shall take place immediately following the annual meeting of the corporation in February.

Section 3. Vacancies occurring between elections may be filled by the Board of Directors at their meeting following that which the withdrawal or resignation of the officer becomes effective.

Section 4. Any officer may be removed by unanimous vote of the Board of Directors.

ARTICLE VI

DUTIES OF OFFICERS

Section 1. The President shall preside at all meetings of this society, and conduct the same according to the rules adopted. He shall enforce due observance of these by-laws, decide all questions of order, sign all official documents that are adopted by the society, and none other, and set the dates for the regular meetings as well as performing all other duties customarily pertaining to the office of president.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

Section 2. The Vice President shall assume all the duties of the president in the absence of the latter.

Section 3. The Secretary shall keep a permanent record of the proceedings of all meetings, keep a roll of members which shows their addresses, submit applications for membership to the Board of Directors, carry on all correspondence, read communications at each meeting, countersign such documents as his position requires, and perform all other duties pertaining to the office of secretary.

Section 4. The Treasurer shall receive and receipt for all moneys paid to the club. He shall keep an accurate account of all moneys received and expended. He shall pay all expenses incurred in the ordinary course of business provided that the Board of Directors must approve any expenditures over \$50.00 per month. At each meeting and at the end of each year he shall submit an itemized statement of disbursements and receipts. He shall, at the expiration of his term, turn over everything in his possession belonging to the club to his successor. The treasurer shall also notify the secretary not later than March 1, of each year, which members are delinquent in payment of dues or duly levied assessments.

Section 5. The President shall maintain close liaison with the ARRI Emergency Co-Ordinator and FCC to further the fullest possible club participation in the Amateur Radio Emergency Corps. In addition, the President shall maintain close association with civil authorities, law enforcement authorities and emergency government.

Section 6. All officers shall at the expiration of the terms, turn over all society records, and any other society property they might have in their possession to their successors.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

ARTICLE VII

MEETINGS

Section 1. The annual meeting of the society shall be the first meeting date in the month of February. Special meetings may be called by the President upon written request of any five (5) members of the society entitled to vote. Written notice stating the place, day and hour of the annual meeting shall be delivered not less than five (5) nor more than thirty (30) days before the date of the annual or regular meeting. The annual meeting may be adjourned from time to time. Notice of any adjourned annual meeting as well as any regular meeting shall be given in such a manner as the President deems expedient. Notice of a special meeting shall be the same as that for an annual meeting, but shall also indicate the purpose or purposes for which the special meeting is called. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail addressed to the member at his address as it appears on the records of the corporation with postage prepaid thereon.

ARTICLE VIII

DUES AND ASSESSMENTS

Dues shall be \$12.00 per year. In addition to dues, the members by a majority vote of those present at any adjourned annual meeting or regular meeting, may levy upon the general membership such assessment as shall be deemed necessary to carry out the purposes of the society as set forth in its Articles of Incorporation. Dues shall be paid by February 1 of each year. Failure to pay dues by February 1 shall cause the member's voting privileges to lapse. Failure to pay dues by March 1 of each year shall result in the member being stricken from the rolls. Should a member stricken from the rolls

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

wish to become reinstated, he shall pay the full \$12.00 as an existing member. Dues shall be prorated on a Bi-Monthly basis for new members only.

ARTICLE IX

QUORUMS

Fifteen (15) members shall constitute a quorum for the transaction of business at any meeting of the society.

ARTICLE X

COMMITTEES

Section 1. A special events committee and a publicity committee shall be maintained as standing committees within the society. The chairman and the members thereof shall be appointed by the President from time to time.

Section 2. The President may set up temporary committees as the need arises and appoint a chairman and the members thereof.

ARTICLE XI

AMENDMENTS

Section 1. This constitution may be amended by a two-thirds (2/3) majority of the members attending a meeting. Proposals for amendments shall be submitted in writing at an annual or regular meeting and may not be voted upon before the next regular meeting or the next adjourned annual meeting. Notice by mail as in Article VII above must be given of any meeting at which these by-laws are amended. The notice shall contain, among other things, the substance of the proposed amendment.

Section 2. The Board of Directors may not amend the constitution.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

ARTICLE XII

CONDUCT OF MEETINGS

Section 1. Roberts Rules of Order Revised shall govern the conduct of society meetings.

ARTICLE XIII

PROHIBITED PRACTICES

Particular attention is invited to Articles V and VI of the Articles of Incorporation of the society which are incorporated into these by-laws by reference. The activities of the society shall at all times remain within the purview of Section 501 (c) (3) of the Internal Revenue Code of 1964 (or the corresponding provision of any future United States Internal Revenue Law). Should any question arise, the directors and officers shall seek professional advice.

EMERGENCY ASSIST REPORTS (E.A.R.)

The Emergency Assist Reports (E.A.R.'s) is provided by the Milwaukee County Repeater Society, Inc. in quantities for its membership. This card provides basic necessary data of any assist given by any member of WR9ABS via repeater.

The purposes of the E.A.R. card is basically two-fold:

1. It provides this organization with necessary data to prove we are an ACTIVE Public Service organization using Amateur Radio. This is necessary for filing proof to the Internal Revenue Service for tax exempt status, and for recording of any emergency should such notification to the Federal Communications Commission be required.
2. It provides this organization with statistical data for whatever publicity purposes deemed necessary for the advancement of the society's aims. From time to time, publicity releases via media will be issued by the Executive Board. This will provide us recognition by neutral sources for Amateur Radio accomplishments.

The E.A.R. Card is fairly straight-forward. It is basically fill-in-the-blank. The following is an itemization of all entries for demonstration:

Date: _____ Time: _____ AM/PM Your Call: _____
Location: _____
Situation: _____
Assistance Provided: _____
Party Assisted: _____
Other Amateur Involved: _____
Station Originating Call: _____
Agency Notified: _____

(Signed)

After completion of the E.A.R. Card, PLEASE,

1. File the card in all emergency situations, even if another member is involved, and also files
2. Mail all cards at least once a week—don't hold them! They're needed—ALL of them!
3. The cards will be stamped on the back, making them "Postcards". You may mail them to the Emergency Liason Coordinator in that manner—but send to WB9OJD, ELC for WR9ABS!

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

WR9ABS

Milwaukee, Wisconsin

PROCEDURE ON HOW TO USE THE REPEATER

Due to the type of control logic installed in the repeater, the following tips should help you in the correct and efficient operation of the repeater.

1. Key the repeater, identify and let your carrier drop. One second later you will hear a beep tone.
2. This tone you hear tells you that the 92 second timer has been reset.
3. Always wait for the beep tone before keying your transmitter and talking.

This is done for the following reasons:

- A. Allows a station an opportunity to break in.
 - B. Lets you know that the 92 second timer has been reset.
4. If no one re-keys the repeater after the beep tone is heard, the repeater transmitter will drop off the air after 3 seconds.
 5. If a carrier remains on the input of the repeater (146.250 MHZ) for more than 92 seconds, the repeater transmitter will drop off the air and not come back on except to ID. When the carrier is removed from the input channel the beep tone will return letting you know the timer has been reset and the repeater can be used again.
 6. As long as the repeater is in use, and you don't time out the 92 second timer, the repeater transmitter will stay on the air thus eliminating wear on the equipment.
 7. The CW ID will identify the repeater's call letters (WR9ABS) every two minutes and thirty-five seconds as long as the repeater is in use.

OPERATING TIPS FOR STATIONS USING THE REPEATER

1. Emergency traffix always has highest priority. If you hear the call, "Emergency - W9XYZ", all stations cease operating and the person with the emergency assumes immediate control. This person will ask for help if necessary. Don't offer it!
2. Control stations are authorized to shut the repeater and autopatch off if illegal transmissions are heard such as unidentified touchtone signals, dead carrier, business calls, or profane language.
3. Mobiles have priority over base stations. When someone breaks in between transmissions, they should be acknowledged immediately as you never know what the situation may be.
 - A. Non-Emergency - Just break in by giving your Call Letters.
(Example - W9XYZ)
 - B. Emergency - Say the word break or emergency with your call letters. Emergency or non-emergency a BREAKING station shall be acknowledged immediately.
4. Keep in mind that the repeaters are designed primarily to extend the range of mobiles and low-power stations. Whenever possible, stations with adequate capabilities should operate simplex. Fixed stations should endeavor to improve their installations so they're not completely dependent on repeaters.
5. If you know the source of any malicious interference, notify one of the Directors of the Milwaukee County Repeater Society, Inc. Don't discuss it on the air. To do so:
 - A. Goads the interferer's ego.
 - B. Keeps the repeater from being used for legitimate conversation.
6. Don't make a lengthy CQ or QRZ or 'blind' call into the repeater. A simple "W9XYZ" monitoring will do.
7. There is an automatic CW ID for each repeater. There is no need to give the repeater's call when signing on or off, nor to identify more frequently than every 10 minutes. Also, there is no requirement to break in to sign out of the repeater.
8. Don't talk on the repeater outputs. It's discourteous to users, and leads to confusion. Obviously, don't test on a repeater input frequency.
9. When the repeater is not in use, and you really don't have anything to say, don't come on the repeater to say it! Two meter FM through repeaters is a giant, quiet intercom. There are a lot of people (Hams and Non-Hams) who are monitoring the repeater for your benefit. These people could assist you if you had an emergency. Your incessant babbling will more than likely cause a lot of people to switch to another channel or turn their radio off.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

OPERATING TIPS FOR STATIONS USING THE REPEATER

PAGE 2

10. Don't break into an existing conversation unless you have something relevant to add. If you want to call someone else, wait till the repeater is free, or with the parties permission, make a call for someone else and move off to a simplex channel or another repeater to QSO.

11. If you're told your transmissions are difficult to copy, wait until you're in a better area. Except for emergencies, don't burden the other users with your poor signal.

12. Key the repeater once only before identifying to see if it's on. Multiple "ka-thumps" make users shut off their rigs in disgust, and may also get the repeater shut off.

13. Don't try to prove what a great operator you are by criticizing the operating techniques of others on the air. Instead, set an example which others will be proud to follow.

14. The repeater and Auto-Patch are not toys - don't play with them.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

PROCEDURE ON HOW TO USE THE AUTO PATCH

1. Key up the repeater giving the repeater's call letters and yours and state you are requesting the use of the auto-patch. Example: WR9ABS DE W9XYZ using auto-patch, then dial the access code.
2. There are two access codes which can be switched at any time.
 - A. Three digit access.
 - B. Single digit access being the last digit of the three digit code. If in doubt, always use the three digit access.
3. Each digit of the access code must be depressed for a minimum of a .5 second.
4. Upon release of your PTT button dial tone will be heard one second later.
5. Upon hearing the dial tone go ahead with dialing your number.
6. Mobile unit has full control of the audio from the phone patch to the repeater transmitter. Depressing the PTT button on your transmitter squelches the audio coming from the phone line.
7. The auto-patch has a five minute timer. If your call is not completed in five minutes the timer will terminate your call.
8. When terminating an auto-patch call depress the dump button for .5 Seconds.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

AUTOPATCH USER RULES AND TIPS

1. Use of the autopatch is restricted to current paid up members only.
2. No business calls - they are strictly forbidden by the FCC and the Society.
3. Base stations are not to use the autopatch unless requested by a mobile or transient mobile station.
4. Don't tie up the repeater and autopatch with "unnecessary phone calls".
5. Don't tie up the repeater testing your touch tone pad. Someone might be waiting to use the repeater for something more important. Also, touch tones can be very irritating to the other listeners.
6. Don't use the autopatch except in emergencies if you are told by others on the repeater that you are noisy. You might mis-dial a number, or be unable to shut the autopatch off. Also, the person on the other end of the line, untrained in communication techniques, won't be able to make you out. Have someone that is not noisy dial up the number for you.
7. Tell the person called that you're speaking via two-way radio, especially if it's an emergency and tell them to talk after they hear the beep. This eliminates confusion and avoids touchy words being broadcast for all to hear.
8. Don't advertise access codes over the air.
9. Don't break in on an autopatch unless you've been invited to do so. It can get very confusing for the non-ham telephone user.
10. When notifying the local police or sheriffs dept. be sure to have the precise information to give such as:
 - A. IDENTIFY INCIDENT - 2 car accident
 - B. PROPERTY DAMAGE AND/OR PERSONAL INJURY - PROPERTY damage only
 - C. LOCATION - Interstate 94 Eastbound just west of 84th. Street
 - D. BLOCKING TRAFFIC - Which lanes.
(On interstate highways, there are mileage markers every mile. These make good identifying points for emergency vehicles.)
11. Adjust the deviation of your transmitter for a maximum of 5 KHZ otherwise you will clip on peaks and be unintelligible to your telephone listener.
12. Wait until the other party hangs up before clearing the patch. Touch tone is very loud in the ear of the unsuspecting telephone user.
13. Use only from a mobile or portable - not near a phone. We're not here to compete with the phone company.
14. Keep autopatches short and to the point.

MILWAUKEE COUNTY REPEATER SOCIETY, INC.

146.25 In/146.85 Out Mhz.

WR9ABS

Milwaukee, Wisconsin

AUTOPATCH USER RULES AND TIPS

PAGE 2

15. Long distance, operator assisted or weather calls are not permissible.
16. When checking your pad for the first time, make sure someone else is on hand who is capable of shutting off the autopatch.
17. Adjust the deviation of your pad between 3 to 3.5 KHZ.
18. The autopatch has a five (5) minute timer.
19. Remember, our telephone line is a limited call line, we are billed for each over call. So ask yourself "Is this call really necessary"?
20. When testing your touch tone pads, do it at a time other than the repeaters high usage time. Call a number that you won't get a answer to (i.e. your own number). If the call is not completed we won't be billed.
